INTRODUCTION

Welcome to the 2016 Wagon Wheel OHV Rendezvous! We are excited to share our trails with you, and know you won't be disappointed. While you are here, enjoy all that Meeker has to offer...we have a busy schedule of events, but hopefully you will make time to check out our beautiful downtown, parks, and maybe even take in some other recreational activities like mountain biking or hiking on the Phillip & Dorcas Jensen Memorial Park.

Want to visit Meeker again? Meeker is a great place to be all year long! During the summer months join us as we host OHV events, music and art festivals, Meeker Classic Cattledog Trials, and the long standing Range Call Celebration over the 4th of July weekend. Fishing, biking and hiking are all favorite activities of visitors and locals alike. Fall brings us to the ever popular hunting seasons and the annual Meeker Classic Sheepdog Trials in September - a world renowned five day sheepdog herding competition that test dogs and their handlers with some of the toughest sheep and courses many handlers encounter. The Flat Tops Scenic Byway is one of the best places to take in the changing fall colors, and experience this beauty by OHV making it all the better! The activities don’t stop there - visit Meeker during the winter months for some of the best snowmobiling, cross county skiing, snowshoeing, and ice fishing around! Meeker features a vast array of groomed and ungroomed snowmobile trails with options for all skill levels. Year round-activities await you in Meeker!

For more information visit the Meeker Chamber of Commerce website at www.meekerchamber.com, visit with us by phone at (970) 878-5510, or in person at 710 Market Street.

COME VISIT US AGAIN SOON!

FREQUENTLY ASKED QUESTIONS

First Time Riding Meeker? Welcome! We hope you enjoy our trails as much as we do! Meeker is proud to be an “OHV friendly community” and we welcome you to ride your OHV on town streets and designated County Roads. The Wagon Wheel OHV Trail System is over 250 miles of interconnecting loops and trails located on the USFS White River National Forest. Riders can experience all levels of difficulty, terrain, and scenery. Meeker is one of the premier places for your next OHV and motorcycle adventure!

What are the rules for riding an OHV on Town Streets and County Roads? Operation of OHVs are allowed within Meeker town limits and on designated County Roads. OHVs are not allowed on State HWY 13 (also known as Market Street). Here are the rules:

Use safe driving practices

All OHVs must be equipped with the following

» At least one headlamp and one red tail lamp
» Spark arrester
» Functioning braking system
» Muffler
» Current Colorado Parks and Wildlife registration sticker

Know the speed limits - follow these speed limits unless lesser speed designated by signage

» 25 mph in Meeker
» 35 mph on County Roads
» 25 mph on un-posted County Roads

OHV operators must have liability insurance coverage of $25,000 per person, $50,000 per accident and $15,000 property damage. Drivers in Meeker must have a valid Driver's License. On County Roads, drivers over the age of 10 must be operating under the supervision of a person with a valid Driver’s License...Riders under 10 shall not operate an OHV. In Meeker, drivers can not carry another person or ride in any position that may interfere with the operation of the OHV.

Are helmets required? Riders are not required to wear helmets and other safety gear, but it is highly encouraged. We want everyone to have a fun, safe ride! Safety flags on each OHV are recommended for visibility.

What OHVs are allowed? We welcome all OHVs! The Wagon Wheel Trail System is designed for usage with 4-wheelers, side-by-sides, motorcycles, and even some full sized vehicles. For a complete map showing which trails are open to which types of vehicle, check out the newest Motor Vehicle Map provided by USFS. A copy of this map is included in your registration packet.

Do I have to go on a guided ride, or can I go exploring on my own? Riders are more than welcome to ride the trails by themselves if they desire. Guided rides are provided to orient those unfamiliar with the trails and all that the Wagon Wheel Trail System has to offer. Signup is limited to ten OHVs per guided group. Each ride may have multiple groups.

What should I take on my ride? Be sure to bring plenty of gas, rain gear, warm clothing, bug repellent, sun screen, lunch, plenty to drink, plus other important personal items you may need. You won’t want to forget a camera - you will encounter many beautiful sights you will want some pictures to remind you of your trip!

Am I required to have a Colorado OHV Registration Sticker? Yes. All riders will need to have a current OHV registration sticker. Riders not from Colorado, can purchase their registration at Wyatt’s Sports Center (223 8th Street) or Samuelson’s True Value (43900 HWY 13) for $25.25 and it will have an expiration date of March 31, 2017. Both Colorado residents and nonresidents can purchase a registration at the local Colorado Parks and Wildlife Office (73485 HWY 64).

Is lunch provided? Lunch is not provided on the guided rides, but there will be an opportunity to purchase a sack lunch for Friday and Saturday rides. Lunch sign up sheets are available at the registration table located at the event Base Camp.

Where is the Rendezvous Base Camp? Base Camp is located at the Rio Blanco County , 779 Sulphur Creek Road

Is it too late for me to sign up for guided rides? No. You can sign up for rides on the day of the guided ride, but keep in mind that space is limited and only ten spots are available for each guided ride.

Where can I get trail maps and info? Information is available at the Meeker Chamber of Commerce, 710 Market Street, (970) 878-5510.
PUSH THE LIMITS? PACK THE RIGHT WINCH.

TRAIL DESCRIPTIONS

#1: Miller Creek Loop  
(Baseball Field Perimeter)

Riders are sure to enjoy this 33 mile loop starting and finishing at the Miller Creek Parking Lot. This trail winds alongside Miller Creek, gains elevation, and tops out with long distance views, and frequent wildlife viewing opportunities. OHVs must be 62 inches or less in overall width.

THE RIDE: This ride includes some challenging short sections (somewhat rocky, steep 0.5 mile downhill section). Riders should have experience on trails with steeper, rocky, off-camber and narrow sections. Riders can either trailer to the Miller Creek Parking Lot, or ride from Base Camp by traveling on the Connector Trail to County Road 8. Riders will experience 12 paved miles, before turning right onto County Road 57, and travelling for 1 mile before reaching the Miller Creek Parking Lot. If riding to the Miller Creek Parking Lot, leave 30 minutes early. TRAILERING OPTIONAL.

#2: Lake Avery to Fawn Creek Loop  
(Fairgrounds Grandstands)

This 21 mile loop ride is a great way to see the beautiful White River National Forest! Riders will start and finish at the Lake Avery Parking Lot, this is a great beginner ride. Expect terrific scenery, dense forests, stream crossings and stunning views of Lake Avery. No OHV width restriction on this ride.

THE RIDE: This ride is on well-traveled Forest Service 4x4 dirt roads with some rocky surfaces, shallow ruts, steep sections, and small stream crossings. Riders can either trailer to the Lake Avery Parking Lot, or ride their OHV from Base Camp. Riders should travel via the Connector Trail to County Road 8, to County Road 115 with 21 miles of paved road. If riding to parking lot, leave 45 minutes early. TRAILERING OPTIONAL.

ROUTE: CR115, FS250, FS280, CR115, CR8, CR115, to complete the loop there will be 7 miles of paved road riding to return to the parking lot.

#3: Fawn Creek to Deadhorse Loop  
(Road & Bridge Shop)

If photo opportunities are what you are looking for, this is your ride! This ride features one of the most impressive scenic overlooks of the White River National Forest and the North Fork of the White River. Riders will experience a 32 mile ride that includes 6 miles of gravel road and 4 miles of paved road. OHVs must be 62 inches or less in overall width.

THE RIDE: The trail includes areas of steep to very steep, rocky off-camber and/or narrow trail, with several small stream crossings for experienced riders. The majority of this ride will be on Forest Service 4x4 roads, with some pavement riding to return to the parking lot. Riders must trailer their OHV 26.5 miles up County Road 8 to the Fawn Creek/County Shop parking area. MUST TRAILER.

ROUTE: CR8, CR115, FS280, FS290, FS293, FS1809.2, FS231, FS230, CR8

Trail Difficulty Level

“Green” ATV/OHV Trail (beginner): A graveled or surfaced road with good sight distance.

“Blue” ATV/OHV Trail (intermediate): A two track road or trail with natural surface, moderate turns with limited sight distance, moderately steep sections with drop-offs, ruts, dust, and frequent changes in the riding surface.

“Black” ATV/OHV Trail (expert): A trail or very primitive two track road including steep, rough, and narrow segments, often with switchbacks.

Trail conditions can change rapidly during and immediately after spring runoff and heavy thunderstorms. It is unlawful to gain access to public land by trespassing on private property. Never assume access, always seek permission!

Note: The ratings for these trails are based on subjective comparison of trails within this system only. Newcomers are encouraged to begin their riding experience on the Wagon Wheel OHV Trail System with a “beginner” trail. This will establish a base for moving onto an “intermediate” or “expert” trail segment. Riders assume all risk associated with skill level, trail difficulty and conditions. The Town of Meeker, Rio Blanco County, and Wagon Wheel OHV Club are not responsible for the accuracy of trail designations and classifications.

- Trails open to motorcycles (two-wheeled motorized vehicles)

Rio Blanco County Road
State Highway
Flat Tops Wilderness
#4: Fawn Creek Loop
(Town Park)

If you are looking for a shorter day ride, that provides technical challenges, you will enjoy this ride. Riders will experience a 16 mile ride, originating from the Fawn Creek Parking Lot, looping through beautiful wildflower filled openings. OHVs must be 62 inches or less in overall width.

**THE RIDE:** This ride includes areas of steep to very steep, rocky off-camber and/or narrow trail, with several small stream crossings. Experienced riders only. The majority of ride will be on Forest Service 4x4 roads, with some pavement riding to return to the parking lot. Riders must trailer their OHV 26.5 miles up County Road 8 to the Fawn Creek/County Shop parking area. **MUST TRAILER**

#5: Pagoda Peak Loop
(Meeker Elementary School)

ATV riders will rejoice with this Trail! If you are looking to experience the feeling of being “on top of the world,” travel this 20 mile loop. Riders will trailer 45 miles to the Ripple Creek Trailhead, but will experience the beauty of Ripple Creek Pass along the Flat Tops Scenic Byway. OHVs must be 50 inches or less in overall width.

**THE RIDE:** This ride includes areas of steep, very rocky, off-camber and narrow trail, with small stream crossings. Stay the trail in wet meadow areas, so as not to widen the existing trail. This is a great ride for experienced riders. The majority of ride will be on Forest Service 4x4 roads, with some pavement riding to return to the parking lot. Riders must trailer their OHV 45 miles up County Road 8 to the Ripple Creek Trailhead parking area. **MUST TRAILER**

**ROUTE:** FS1804, FS230, CR8

#6: Flat Tops Scenic Adventure
(Meeker High School)

You say you want a day-long adventure? You say you want to see some of the most amazing scenic overlooks? You say you want extreme technical challenges? Well, this ride is not for the faint of heart...but this trip to Heart Lake is simply amazing! This is a 50 mile ride from Hiner Springs, which provides a long, full day ride, but with grand vistas, lakes and wildflowers, you won’t be disappointed. No OHV width restriction on this ride.

**THE RIDE:** This ride includes numerous steep, rutted, off-camber and very rocky sections. Several small streams will be forded. Very experienced riders only. Riders must trailer their OHV to Hiner Springs, which is 35 miles from Meeker. Traveling to this parking area takes up to 1.5 hours, but is well worth the time! The parking area is accessed by traveling County Road 8 for 20 miles, turning right onto County Road 10 for 1.5 miles, turning right onto County Road 17/Forest Service Road 245 for 13 miles, and finally turning left onto County Road 125/Forest Service 601 for 0.5 miles. **MUST TRAILER**

**ROUTE:** FS601, FS630, Heart Lake, FS630, FS640, FS601, FS648, FS821, FS823, Meadow Lake, FS823, FS601

Check out what Downtown Meeker has to offer!
#7: Yellow Jacket Historic (Meeker Elementary School)

Meeker has some of the most interesting historical stories! This ride will provide several opportunities to learn more about this area and the rich history. Riders will enjoy a 40 mile loop which will pass through the historic Uranium Peak Mining District, and the group will visit the Milk Creek Battlefield Park. Brochures will be provided to learn about the 1879 Battle at Milk Creek, which is said to be the last Indian Uprising before the Ute Indian removal in Colorado. OHVs must be 62 inches or less in overall width.

THE RIDE: This ride offers sections of more difficult trail, having exposed rock, off-camber surface, and rutted trail. Riders must be experienced and have an OHV with good ground clearance. Riders will start and finish at the Yellow Jacket Pass Parking Lot, at the junction of County Road 15 and County Road 48. If riding to the parking lot, leave 30 minutes early. TRAILERING OPTIONAL

#8: Hay Flats to Miller Creek (Baseball Field Perimeter)

A local favorite, riders will enjoy this 60 mile loop which features switchback roads climbing in elevation to open areas that wildlife and livestock utilize for summer feeding grounds. Wildflowers are in abundance, and riders will cross Miller Creek before returning to Meeker. Ride from and return to Base Camp on this loop ride, which travels 23 miles of paved road. No OHV width restriction on this ride.

THE RIDE: This ride includes several rocky sections, off-camber, rutted areas and small stream crossings. Approximately half of this ride will be on well-maintained gravel and paved roads with the remainder of travel on Forest Service 4x4 dirt roads. Riders should have some experience on dirt roads with rocky, uneven surfaces. NO TRAILERING

ROUTE: CR13, CR38, FS211, FS214, FS215, CR57, CR 8, connector trail

#9: Yellow Jacket to Sleepy Cat (Town Park)

Enjoy a 45 mile loop from the Yellow Jacket Pass Parking Lot, traveling past Sleepy Cat Peak, circling through beautiful open areas and winding through the Pine Trees. OHVs must be 62 inches or less in overall width.

THE RIDE: This ride has short sections of challenging steep, very rocky, rutted, off-camber and/or narrow trails. Riders must be experienced with these trail conditions and have OHVs with good clearance. This will be a fast paced ride with few stops. Riders can trailer to the Yellow Jacket Pass Parking Lot at the junction of County Road 15 and County Road 48. Riders choosing to ride their OHV 17 miles to the Yellow Jacket Parking Lot will experience 9 miles of pavement. TRAILERING OPTIONAL

#10: Miller Creek to Elk Creek Loop
(Road & Bridge Shop)

More experienced riders will truly enjoy this 32 mile loop which travels along Miller Creek and drops into the beautiful Elk Creek valley. Featuring a beautiful view of the “Up River” area, riders will easily find an area of solitude. OHVs must be 62 inches or less in overall width.

THE RIDE: This ride will encounter several steep uphill rocky climbs as well as a long, steep and rocky descent with sections having rutted and off-camber surfaces. Experienced riders only. Riders can either trailer to the Miller Creek Parking Lot, or ride from Base Camp by traveling on the Connector Trail to County Road 8. Riders will experience 12 paved miles, before turning right onto County Road 57, and traveling for 1 mile before reaching the Miller Creek Parking Lot. TRAILERING OPTIONAL

#11: Sleepy Cat Peak
(Fairground Grandstands)

Sleepy Cat Peak is one of Meeker’s most recognizable landmarks, and riders will see firsthand why it is named Sleepy Cat Peak. Riders will enjoy this 32 mile loop ride that begins at beautiful Lake Avery, winds around to the base of Sleepy Cat Peak, and circles back to Long Park. No OHV width restriction on this ride.

THE RIDE: This ride offers short sections of steep, rutted, off-camber and/or very rocky conditions, with several small stream crossing. The majority of ride will be on Forest Service 4x4 roads. Experienced riders only, and OHVs must have good ground clearance. Riders can either trailer to the Lake Avery Parking Lot, or ride their OHV from Base Camp. Riders should travel via the Connector Trail to County Road 8, to County Road 115 with 21 miles of paved road. If riding to parking lot, leave 45 minutes early. TRAILERING OPTIONAL

ROUTE: CR115, FS250, FS280, FS290, FS250, CR115

#12: Big Mountain - POKER RUN
(Base Camp)

Join the 5th Annual Rio Blanco County Search and Rescue OHV Poker Run for a fun-filled ride! Participation in the Poker Run is not included in your event registration, but for $25 you will have the chance to win cash prizes. Riders will enjoy this 40 mile loop which features switchback roads climbing in elevation and traveling through fields of wildflowers. Ride from and return to Base Camp on this ride, which travels 15 miles of paved road. No OHV width restriction on this ride. (See page 21 for more details)

THE RIDE: This ride includes several rocky sections, off-camber, rutted areas and small stream crossings. This ride will be on paved roads and well-traveled Forest Service dirt roads. Riders should have some experience on dirt roads with rocky, uneven surfaces. NO TRAILERING

ROUTE: CR13, CR38, FS211, FS848, FS211, CR38, CR13

Meeker, CO • www.wagonwheeltrails.org
#13: Dusk to Dark
(Base Camp)
This Thursday evening ride is a great way to kick off the Rendezvous! Following the riders meeting, ride up Hay Flats to Howie Reservoir. Plan to depart from Base Camp at 7pm. Working headlights are required. No OHV width restriction on this ride.

THE RIDE: This ride includes several rocky sections, off-camber, rutted areas and small stream crossings. Approximately half of this ride will be on well-maintained gravel and paved roads with the remainder of travel on Forest Service 4x4 dirt roads. Riders should have some experience on dirt roads with rocky, uneven surfaces. NO TRAILERING

ROUTE: CR13, CR38, FS211, FS219, FS211, CR38, CR13

#14: Pink Camo Ladies Only
(Base Camp)
This Friday ride will be guided by two ladies! Enjoy parts of Meeker before heading up the trail for lunch. This ride will be fun and a ride to make the men jealous. No OHV width restriction on this ride.

THE RIDE: This ride will depart and return to Base Camp. Riders will visit several businesses, a short easy ride to Howie Reservoir for lunch, before returning to Meeker for some wine and shopping. NO TRAILERING

ROUTE: CR13, CR38, FS211, FS219, FS211, CR38, CR13

#15: Xtreme History
(Base Camp)
This Saturday ride will be relaxing and educational. Visit several historic rural school houses and enjoy beautiful overlooks of the White River Valley. The majority of this ride will be on paved County Roads with a small section on graveled County Roads. No OHV width restriction.

THE RIDE: This ride will depart from Base Camp at 9:30am and travel to several rural school houses and historic sites where members of the local Historical Society will provide stories and educational materials about each site, before returning to town for lunch at the Meeker Cafe (not included in event registration). Following lunch there will be an optional walking tour of the Historic Downtown District. NO TRAILERING

ROUTE: CR13, CR8, CR6, CR8, CR4, CR36, CR13, 10th Street, Garfield Street, 11th Street, Main Street, Meeker Hotel and Cafe

If you’re stalking then you’re walking.
And when you’re on an OHV Always Stay The Trail.
Hunting with an OHV increases your responsibilities in the backcountry. Know the rules and regulations before you go off-road and always keep your wheels where they belong.
